

# HEAD OF GEORGIA MASONS STRONG FOR HUGH DORSEY

"Anything I Can Do Will Be Personal Privilege and Public Service," Writes Charles L. Bass, Worshipful Grand Master of State.

## EFFORT TO PUT ORDER INTO POLITICS FAILS

Continued Shower of Letters of Assurance Reach Dorsey's Headquarters. Situation Brightest in History of Campaign.

Failure of the attempt to drag the Masonic order into the campaign for re-election of Senator Hoke Smith was evidenced Monday in a letter received by Governor Hugh M. Dorsey from Dr. Charles L. Bass, most worshipful grand master of the Georgia Grand Lodge of Masons, endorsing the candidacy of the governor for the senate in the highest terms and stating that any service he might be able to render the governor's campaign would not only be a personal privilege but a public service.

The letter of Dr. Bass, who is one of the most prominent and beloved Methodist ministers in Georgia, is the latest of a series of Monday's showers of letters and verbal endorsements of visitors who visited the Dorsey headquarters in the Kimball house, expressing confidence that the governor's race for the senate would be successful. Opinion has been widely expressed that the inheritance tax question relative to the Masonic home, and the tobacco tax question, both of which have been used by Senator Smith's campaign in an effort to embarrass the campaign of Governor Dorsey, are reacting vigorously against the campaign of the present senator.

The general opinion prevails that the questions will be dropped by Smith propagandists.

**Shower of Letters.**

Commentary letters continue to flow in to the Dorsey headquarters, as well as to the governor at the capital and at the mansion, and the rooms at the Kimball house who visited constantly by Georgians who add their expressions of confidence concerning the sections in which they reside.

The formation of an ex-Hoke Smith club was announced Monday without canvassing and without effort. The resolution in Dorsey headquarters, to be signed by ex-Smith supporters who now have thrown their entire support to the governor, was signed by more than a score of the campaign staff Monday, others denying their eligibility on the ground that they never had supported Senator Smith.

The letter from Dr. Bass, endorsing Governor Dorsey's campaign, follows:

**Dr. Bass' Letter.**

Hon. Hugh M. Dorsey, Governor, Atlanta, Ga.

My Dear Governor:

I have intended writing you for several days, but the campaign over the state in the interest of the Masonic Order's home has prevented me from doing so.

I noticed with a great deal of pleasure your final determination to enter the race for United States senator. Of course, to me it was a personal pleasure to see you in the long and lasting personal friendship since boyhood, but there is an even greater reason for my delight, for as a citizen I look toward your entrance into this campaign as a real response to patriotic duty. If there ever was a time in the history of the state when the needed men that stand square and true and unflinching to the principles of the party, this is the hour. Up to your entrance we certainly were without that man and as a citizen I feel that I am glad to see you enter into this race with such a great joy.

Permit me to say that if there is anything I can do to further your campaign, I would consider it not only a personal pleasure to render, but a real public service.

With best wishes and personal regards I am,

Yours very truly,

CHARLES L. BASS.

**Laurens Man's Statement.**

S. J. Lord, chairman of the Dublin and Laurens bank, at Dublin, is one of the thousands of Georgia democrats who are glad that Governor Dorsey entered the race for the United States senate.

He writes to the governor saying:

"May I not express to you my very great pleasure and satisfaction in your announcement for the race for United States senate?"

"It was my pleasure to give you my support and influence in your race for governor, and the splendid record which you have made as chief executive has increased my admiration for the sterling personal character of the man."

# Spotlight to Play on Cox's Charges About Slush Fund

Investigating Committee of U. S. Senate Decides to Get Truth Regarding Campaign Expenditures.

## PARTY LEADERS CALLED BEFORE THE COMMITTEE

"People Have a Right to Know," Says Senator Pomerene—Gov. Cox Is Asked to Furnish Proof of His Charges.

BY ALEXANDER F. JONES, United News Staff Correspondent, Chicago, August 23.—"The people have a right to know," Senator Allen Pomerene, of Ohio, thus summarized Monday night the action of the senatorial investigating committee to call the chairman and treasurer of the republican and democratic campaign committees, together with the senatorial and congressional committee heads, to Chicago on August 30 to unravel campaign funds mysteries now causing charges and counter charges by both parties.

It is the plan of the senate committee to have the Harding and Cox campaign leaders bring every record available that will throw light on the subscriptions to and the expenditures of campaign funds.

Chairman Kenyon said that he had been assured by Will H. Hays, chairman of the republican national committee, in a long distance telephone conversation, that all of the republican records would be gladly laid before the committee.

"Hays assured me that he would do everything he could to help us," he said.

It was declared that there is a possibility of the republicans' campaign committee being asked to submit information to the committee.

**Cards on Table, Urges Reed.**

"We want to put every card on the table," said Senator James Reed, of Missouri. "We are subpoenaing every man we can think of who should know about these campaign funds, and if we have not called on the right men we will call on others. In our Washington hearings the information we obtained was given reluctantly in some cases and in others with a feeling that they did not know. In this investigation we hope to gain full knowledge of the inner workings of both parties."

Senator Reed announced he had received no response from Governor Cox to his message asking that the governor send the evidence here today.

Sensor Reed made public the text of his telegram which said in part:

"The papers here report you as saying in substance that you are in possession of facts which show that a vast corruption fund is being gathered by eastern financiers for use in the republican campaign. I will highly appreciate it if you will place in my possession of all facts in your knowledge and all suggestions leading to the exposure of this corruption fund. I assure you that every lead you give us will be carefully and thoroughly investigated."

**Subpoena Every One.**

Sensor Kenyon declared that the committee decided to subpoena every one connected with the management of both campaigns to "take the question out of politics."

"There is nothing political in our action," said Kenyon. "Certain facts have been made, and we considered it necessary to have a full and frank investigation of both campaigns."

The committee, in its meeting Monday night, evenly divided politically, Senators Kenyon and Spencer, republicans, and Senators Pomerene and Reed, democrats, attended.

Early in the day it was announced that the meeting was called to plan the future procedure, and that no action would be taken. As the executive session started, Senator Reed announced that he would "insist on a full investigation of the republican campaign." He said that if Governor Cox had information that the republicans were raising a \$15,000 fund, he ought to have a chance to tell the committee about it. He then went into the session, which was first announced as one that would take "about twenty minutes."

It lasted, however, more than two hours. At the end of the session, heated, at times, was evident from the voices of the senators. Senator Kenyon then announced that every body concerned in the management of the two parties would be called. Senator Kenyon then sent a telegram to D. E. Barry, sergeant-at-law of the senate, to issue subpoenas for the following leaders: Will H. Hays, chairman of the republican committee; George White and Wilbur Marsh, chairman and treasurer of the democratic committee; Simon D. Fess and Guy Scott, chairman and treasurer of the republican congressional committee; Michael E. Phelan and Frank T. Doremus, chairman and treasurer of the democratic congressional committee; Senator Miles Findelster, chairman of the republican senatorial committee; and Homer S. Cummings, former chairman of the democratic national committee. Additional subpoenas will be issued as developments occur, it was stated.

Sensor Kenyon was busy Monday night writing letters to the heads of the leaders, asking that they give the committee full access to all records.

# TORCH IS APPLIED TO IRISH HOMES BY PRO-BRITISH

Town of Lisburn Almost Destroyed in Revenge for the Killing of Police Inspector Swanzy.

## WAVE OF ANARCHY ROLLS OVER IRELAND

From All Sections Come Reports of Arson and Assassination—British Government Seems to Be Helpless.

Lisburn, Ireland, August 23.—The business portion of Lisburn today presented a scene of ruin and desolation as a result of the burning of shops by loyalists in revenge for the murder of Police Inspector Swanzy here yesterday.

During the night the sky was lit up by flames from the shops of supposed Sinn Feiners, the fires also involving a number of loyalist premises. The private homes of Sinn Feiners were burned and the furniture carried into the street and ignited. The military authorities have posted a guard over the Catholic chapel.

William Shaw, a local Sinn Fein councillor, was beaten so severely that he is being detained in the infirmary.

Further rioting occurred this morning while an inquest into the death of Police Inspector Swanzy was in progress. A butcher shop belonging to an Irish nationalist was burned and other premises "re-attacked." The inquest verdict threw no light on the identity of Inspector Swanzy's murderer, it being recorded that he was murdered by persons unknown.

**OVER 100 CASES OF DESTRUCTION.**

Dublin, August 23.—More than a hundred cases of the destruction of property, assassination of police, loyalist reprisals and similar incidents were reported in Ireland during the last week-end and the list continues to grow.

Among the latest reports is that of a fierce pitched battle of Lissooda, County Cork, between the police and an ambush party. A constable was killed and several others were wounded in the engagement.

An officer commanding troops at Charleville, County Cork, received a death notice yesterday and last night from the constable of the constabulary who was killed in the engagement.

When relieving Lieutenant Davis Monday of his command at police headquarters Colonel Bridges, division inspector, issued a statement which it was set forth that this action by the constabulary was not to be taken as sustaining the charge that he had interfered with the civil authorities in their work, but was considered expedient in the circumstances.

**CONSTABLES REFUSE TO SUPPRESS OPINION.**

London, August 21.—A large number of constables refused to sign a statement at Dublin informing the commandant Monday that they were unwilling to be used to suppress political opinion, says the Dublin correspondent of the Central News. They took off their uniforms and left the depot in civilian clothes.

In a signed statement given out last night, following the publication of the letter from John Holder in which he offered to quit the gubernatorial race provided Dorsey would withdraw from the senatorial contest, Governor Hugh Dorsey declares: "I could not abandon the trust I have assumed, and I will find solace in the victory which is now assured."

His statement in full, which was given out just before he left for Cordele, follows:

"My attention has just been called to an article in Senator Smith's Evening Journal, which is printed under the signature of John Holder, in which he offers to withdraw from the race, if Dorsey will quit senatorial contest. The article including a card signed by Hon. John N. Holder, Demand of Democracy."

"My campaign was born of no personal ambition for further political honors, but in the result of a demand from loyal democrats from every section of Georgia, who insisted that Georgia democrats should not be confined to a choice between Senator Smith and Thomas E. Watson, whose joint antagonistic attitude toward the republican administration recently culminated in a political combination which committed the presidential state convention to irrevocable opposition to the treaty of peace and which voted down resolutions endorsing Woodrow Wilson and the national democratic administration."

"My entry into the race was intended to afford the voters of Georgia an opportunity to vote for a democrat who believes in decent democracy and who has sustained the principles and policies of the party with all the faith that is in him."

"The response from every section of the state vindicates my purpose and confirms my conviction that the loyal democracy of Georgia will triumph in this campaign and that I will be nominated by a significant majority on September 5."

**Predicts Victory.**

"Therefore, even if my private interests should incline me to consider the greater comfort of private life, I could not abandon the trust I have assumed, and I will find solace in the victory which is now assured."

# Russians Are Launching Strong Counter Attacks Against Pursuing Poles

CONFERENCE HELD BY U. S. OFFICER AND CITY POLICE

## Step Taken Following Order Relieving Lieutenant Davis of Command of the Atlanta Provost Guard

**SUCCESSOR WILL BE APPOINTED AT ONCE**

Complete Investigation of Charges Against Officer Will Be Made by Colonel C. H. Bridges.

Following an order relieving Lieutenant George Davis of his duties as head of the military police in Atlanta, a conference was held Monday afternoon at the station house between Colonel C. H. Bridges, detailed by Major General David C. Shanks, of Camp Gordon, to investigate charges against the lieutenant, and other officials of the Atlanta police department.

While nothing definite as to what transpired could be obtained, it was understood to have marked the beginning of the inquiry camp officials are conducting into complaints against Lieutenant Davis, charging that he not only failed and refused to co-operate with the civil authorities, but tried to hinder the detectives in the prosecution of their anti-vice campaign.

Lieutenant Davis has been relieved of his command as head of the military police in Atlanta pending completion of the probe that started Monday. No one had been designated to take over the duties of the lieutenant until Monday night, although it is expected another lieutenant will be assigned to the post during Tuesday.

When relieving Lieutenant Davis Monday of his command at police headquarters Colonel Bridges, division inspector, issued a statement which it was set forth that this action by the constabulary was not to be taken as sustaining the charge that he had interfered with the civil authorities in their work, but was considered expedient in the circumstances.

The Ukrainian regiments which are still on their old positions along the Dnieper, have successfully repelled all attempts of the bolsheviks against Lemberg, and maintained their original lines on the extreme right. In the center the Polish troops which occupied Brest-Litovsk are digging in on the eastern border of the Polish line. It is expected that the daring plan of the bolsheviks against Lemberg will be definitely frustrated in the near future.

**RUSSIANS FACING COMPLETE DISASTER.**

Paris, August 23.—Soviet Russian armies which invaded Poland and threatened to capture Warsaw, appear to be on the eve of complete disaster, says the Warsaw correspondent of The Matin. He quoted General Bledowski as saying Poland will be the grave of three-fourths of the bolshevik army.

Two Polish cavalry divisions are advancing toward Bialystok for the evident purpose of cutting off the retreat of soviet troops operating to the north of the city. The correspondent declares the bolsheviks will soon be forced into a hurried general retreat, and that discipline has broken down in their ranks.

The number of Russian soviet prisoners captured in the Polish counter-offensive will amount to 75,000, according to Warsaw advices to the French foreign office today.

Most of the 35,000 prisoners already counted were captured in the territory northwest of Warsaw, including the Danzig corridor, by the army under command of the French general, Billotte, who formerly was chief of staff to General Lyautey, resident French governor of Morocco. This army now is most effective, and is composed of German-trained men of Posen.

Another Polish army, under command of the French general, Henry, is striking toward Bialystok from Warsaw, cutting off the bolshevik retreat.

A third Polish column, under President Pilsudski, already has passed Brest-Litovsk, cutting off the bolshevik Galician army.

The French foreign office announced today that General Weygand now is chief of the Polish staff with full power, and that most of the 1,000 French officers in Poland are actually participating in the fighting.

The Polish peace delegates at Minsk have reported that the soviet representatives are increasing in severity the published peace terms, demanding now that 200,000 Polish workmen be given the arms the bolsheviks hope the Polish army will lay down.

**RUSSIAN RETREAT BECOMES A PANIC.**

Berlin, August 23.—The Lokal Anzeiger's correspondent on the Russian front reports that the Russian retreat along the East Prussian border is becoming a panic.

# VOTES FOR WOMEN TIED IN HARD KNOT BY INSTRUCTIONS

Additional Steps Taken by Tennessee Antis to Prevent Certification of Ratification to Washington.

## FLEEING LEGISLATORS ISSUE A STATEMENT

They Denounce the Methods of the Suffragists and Call on People of Tennessee to Hold Meetings of Protest.

Nashville, Tenn., August 23.—An amended order making W. M. Carter and John Green, chief clerks of the senate and house respectively, parties to the temporary injunction restraining the governor, secretary of state and members of the senate and house from taking any action with regard to certifying ratification of the woman suffrage amendment to Washington, was the only important development today in the contest over Tennessee's ratification of the measure. The original bill filed Saturday by citizens opposed to suffrage was based largely on the contention that action on the amendment by this legislature was prohibited by the state constitution.

The amended bill sets forth that the action of the house Saturday in making a motion that the house reconsider its ratification of the amendment and in ordering that the measure be transmitted to the senate for endorsement, was null and void because "the house was not at any time during said day legally and constitutionally organized for the transaction of business."

More than a score of house members opposed to ratification went to Decatur, Ala., early Saturday, in order to break a quorum and prevent further action. Sixty-six members constitute a quorum, but only fifty-nine answered roll call. The suffragists ignored the contention of the few members of the opposition in attendance that there was no quorum, declared the house in session and proceeded to do what the bolters had hoped to prevent.

**Brought to Standstill.**

No date yet has been set for argument on the restraining order, but it was expected that the house would take place Wednesday or Thursday. Absence of the bolting solons has virtually brought to a standstill the legislative machinery. The senate is up with its work and is waiting on the house to ratify the suffragists in the house today, and to dispense with roll-call and work on local bills, but an anti-quorum was lacking, moved adjournment until late tomorrow afternoon. This is expected to be the usual procedure the next few days at least.

Tumors today that an agreement had been reached between suffrage leaders and the bolters at Decatur to return to Nashville with legislation under a pledge that suffrage would not be referred to by either faction, were denied in all quarters. Seth Walker, speaker of the house, declared that he had no authority to speak for the members at Decatur, but that he was certain they would not do such a plan.

The suffragists still maintain their action Saturday was legal in every respect and regard the adjournment as the only stumbling block in the way of certifying ratification to Washington. They are confident the injunction would be dissolved within the next few days. The opposition, declaring the suffragists acted illegally, claim the house still has the opportunity to rescind ratification and are urging additional steps.

**Grady County Physician Discards Hoke Smith for True Democracy.**

Editor Constitution: I'm inclosing you herewith the front page of a copy of this week's Grady County Progress. You will find there—in an editorial in which to my mind Editor Williams presents a brief argument in favor of a league of nations, which is unanswerable and invulnerable. If you think it worth while please pass it along.

In this connection I wish to express to you my appreciation of your opposition to Senator Hoke Smith, for whom I've always voted in every contest until our recent presidential primary. But I will never vote for him again for anything, so help me God. Because I feel that he has deliberately betrayed his constituents and the people of the great state of Georgia into the camps of the enemy. Yours truly,

## PAGE TWO

ing mass meetings against suffrage throughout the state in the hope that some members who voted for ratification would reverse their stand when the expected time came.

**People Asked to Act.**  
After receipt here today of an address to the people of Tennessee from the thirty-seven bolters at Decatur, urging that they hold mass meetings in every county next Saturday to express their will as regards ratification or rejection of the suffrage amendment, anti-ratification headquarters announced a corps of speakers headed by Gus W. Oyer, professor of political economy at Vanderbilt university, Frank P. Roper, Nashville attorney, and Miss "Charlotte Rowe" of New York would begin immediately a tour of the state. The speakers, the announcement said, would endeavor to "explain what the suffrage amendment really means" and to "end in view that public sentiment would be so aroused in the home districts of legislators who voted for suffrage as to force them to reverse their stand and vote to reject the house action. The first meeting will be held tonight at Gallatin.

The anti-act is acting on the theory that the house has not disposed of the Walker motion and that they yet have a chance to adopt it and rescind ratification if they can muster a majority. Governor Roberts, Attorney General Thompson, and others hold that the amendment has been ratified and declare only the injunction stands in the way of certifying ratification to Washington.

### APPEAL IS ISSUED TO TENNESSEANS BY THE FUGITIVES

Decatur, Ala., August 23.—Members of the Tennessee house of representatives here today issued a formal statement addressed to the people of Tennessee, setting forth their reasons for breaking a quorum in the house and leaving the state. The statement bears the signatures of thirty-seven members of the house, of whom 27 are democrats and 10 republicans. The statement follows:

"To the People of Tennessee: We, the undersigned members of the lower house of the legislature of Tennessee, democrats and republicans, submit the following reasons for our action in breaking a quorum in order to prevent the passage of the resolution ratifying the suffrage amendment to the constitution of the United States:

"1. We, and each of us, were absolutely convinced that any action by us ratifying said amendment would be in violation of the constitution of the state of Tennessee and would make each of us guilty of a failure to live up to oath which we had taken as members of the legislature, and being of this opinion we could not honorably cast our vote to override the constitution of the state, and were unwilling by our presence to permit it to be done.

"2. We are convinced that the methods which were adopted to secure the passage of the resolution were improper and not justified.

**Opposed by Majority.**  
"3. We believe that the majority of the people of Tennessee do not favor ratification of said act.

"4. We felt that to have ratified said act would have been to surrender the sovereign rights of the state on the question of suffrage, which is one of the most important and sacred rights conferred, and the only defense that the people of Tennessee had at this juncture rested in our hands, and the only way that we could serve was to take the course that we have taken. We fully understand that our action could only be justified by the tremendous issues involved which, in our judgment went to the very foundation of our government; that the ratification of said amendment would be destructive of the sovereignty of the state and a negation of the dual form of government created by its founders. It has never been our purpose, and is not now our purpose, to prevent action ultimately by the legislature, and if it be the will and judgment of the people of Tennessee that the said amendment should be ratified, after having had time to consider it, and to act thereon, then we can but enter our opposition by recording our vote in the negative and submitting to the will of the majority. But it seemed to us, and we feel convinced that we are right, that under conditions existing at Nashville, under the pressure of a lobby and the demands improperly made by agencies which should not have been employed, the only proper course for us to take was to absent ourselves from the state for a period of time sufficient for the

people of Tennessee to express themselves in such manner as might be adopted by them to the end that the governor of the state, who actively lent himself to the adoption of the amendment, and the members of the legislature who seem to favor its adoption, might be advised of the wishes of the people of Tennessee, and be superinduced by such expressions to abandon for the time being the prosecution of the endeavor to now ratify said amendment.

**The Next Legislature.**  
"The next legislature convenes within five months. Under the constitution of Tennessee, without question, it will have the right to ratify said amendment, if in the judgment of the representatives and their constituents, it seems proper to do so. Tennessee has already conferred the right of suffrage upon its women to the extent permitted by its constitution, and it seems that the matter be left to the several states, and that Tennessee, by its action, should not impose upon them a law objected to by their people.

"It is our purpose to remain outside of the borders of the state for a reasonable time until the people of the state may have an opportunity to express themselves in the preface, and we, therefore, urge that in the several counties of the state the people assemble in mass meetings on Saturday next, being the 28th day of August, 1920, and by proper resolution indicate their will in the matter, by which action members of the legislature, who we think are not correctly representing the sentiments of their respective constituents and the governor of the state may be advised of the wishes of the people and admonished of the necessity of conforming to their wishes as may be indicated at said meeting.

**Received With Open Arms.**  
"The Tennesseans have been received with open arms by the citizens of this town. Sentiment here is decidedly anti-suffrage and the visitors have been flooded with invitations to attend various social gatherings.

"Mrs. James S. Pinckard, president of the Southern Woman's Rejection league, extended them an invitation to visit Montgomery, her home city. Colonel W. T. Sanders, democratic national committeeman for Alabama, was also here with an invitation to the legislators from Athens, Ala.

"Part of the day was spent in sightseeing trips. Many automobiles have been placed at the disposal of the visitors and tours of this section will be an important feature of their stay.

"Through Representative Hall, their leader, they are in constant touch with Nashville and are watching the legal battle over suffrage with the greatest interest.

## PALMER ORDERS THOROUGH PROBE OF COAL PRICES

United States Attorney to Investigate Alleged Combinations and Conspiracies.

Washington, August 23.—Attorney General Palmer today instructed United States attorneys to investigate alleged combinations and conspiracies among dealers to increase coal prices. Information obtained by federal agents was said to show the dealers, through repeated resales, had raised prices though avoiding direct profiteering.

### MORE PAY WANTED BY COAL MINERS.

Pittsburg, Kan., August 23.—Kansas, Missouri, Oklahoma and Arkansas coal miners, comprising districts 14, 21 and 25, United Mine Workers of America, are to ask for

an increase of wages, the amount to be decided at a conference of the district officials to be held in Kansas City Wednesday. It was announced tonight by Alexander Howat, president of district 14.

Officials from Iowa also will attend the conference. It is understood. The conference will set a new wage scale for monthly and day laborers and also the tonnage men, according to Mr. Howat. The new wages to be asked, he says, will be the same as that to be determined by the Illinois miners' conference, which for day and monthly workers, union officials believe, probably will be an increase of \$1.50 a day, bringing the wage up from \$8 to \$9.50. It is not known what would be asked for the men working on tonnage rates.

### BANANA GATHERERS STRIKE IN HONDURAS

New Orleans, August 23.—A strike of banana gatherers and longshoremen in Honduras, apparently well organized, threatens to seriously interfere with shipments of fruit from that country, especially through the port of Ceiba, according to state reports here today by a representative of a fruit company who arrived on the steamship Ceiba, which was forced to return without cargo. Tela, the most important banana shipping port, however, is not greatly affected.

## Coal Shortage Livest Question, Declares Debs

Candidate Issues Statement From Atlanta Pen. Wilson Is Attacked and Also Gompers.

Chicago, August 23.—The first of a series of statements which will replace speeches in the campaign for president, now confined in Atlanta penitentiary, was issued today by socialist national headquarters.

In it Mr. Debs branded the league of nations controversy a "dishonest issue" and declared the livest question before the American public was the coal shortage. He declared that while a shortage of cars was making it impossible to meet the demands for coal, "Mr. Wilson has had made, by special executive order, four thousand cars of a special design to aid the aristocracy of Poland crush the only genuine democratic government on the face of the earth."

**Wilson and Gompers Attacked.**  
Besides denouncing the republic-

an and democratic parties, bitterly attacking President Wilson and Samuel Gompers, and branding the farmer-labor party as a one-man organization that will never survive this year's battle, Mr. Debs, in today's interview, dwelt on the recent railroad strike and compared the so-called "outlaw" strikers to the American railway union men whom he led in the "one big union" strike of 1912.

The socialist nominee said Senator Harding and Governor Cox "remind me of two humpty-dumpties. They are stuffed people, not real. They have not a single idea for a man who is alive. They get their inspiration from the tombs. The whole performance is artificial."

"Were I campaigning," Mr. Debs said, "I believe I should dismiss most of the technical terms and speak in the clearest possible language."

"I should say there can be no change as long as a few people own this country, its industries and its resources. Take, for example, the situation in my own town of Terre Haute. Terre Haute is surrounded by coal. It is impossible to get coal at any price. A few owners have taken possession of the coal mines. They say this is ours, and they have shut out the people. The miners are at their mercy and they cannot give them permission to keep themselves warm unless the mine owners give them permission."

### United States and Poles.

"The people in this country have not known what their government was doing in opposing the Russians. It was kept a very private secret until it was revealed by the foreign dispatches, and then Secretary of War Baker was forced

to confess that the war department had lent \$100,000,000 on credit to the Polish government on the basis of notes which are not worth the paper they were written on. He presented them with \$20,000,000 worth of American bacon, which was 'not available' for the American people—although bacon is 65 cents a pound at home—not available because the beef trust objected it would check the rise in supplies, including meat, were turned over to the French and not brought home because they were 'fr' it 'might reduce' prices to the American people and so check the profits of our trusts."

## POLAND WARNED BY UNITED STATES

Not to Push Advance Into Russian Territory—It Is Said Poland Will Heed Warning.

Washington, August 23.—Complete assurance will be given the United States it was stated today in Polish official circles, that Poland's victorious armies will not pursue their advance beyond the natural frontiers of the reconstituted republic. An early communication from Warsaw to this effect was expected by the officials.

Representations setting forth the views of this government have been made through the legation at Warsaw, the state department announced today, the communication reiterating the stand taken by Secretary Colby in his recent note to the Italian ambassador. The position of the American government as outlined then was that the allied and associated powers should unite in a declaration favoring the preservation of the integrity of Russia, such a declaration to be accompanied by the announcement that no transgression by Poland will be permitted.

Poland to Give Assurance. The Polish reply, legation officials said, would set at rest any suspicions that Poland was contemplating the prolongation of hostilities into an offensive war against Russia. Assurances of this nature, it was added, already had been given the soviet government envoys by the Polish peace delegates at Minsk.

No formal representations have been exchanged with the allies by the United States regarding the possible transition of the Polish operations from a defensive to an offensive character. The American government is understood to be content with the position as set forth in its note and representations to the Polish government have been only an elaboration of the principles enunciated in that document.

Great Britain, however, through Premier Lloyd-George, already has announced no opposition to any transgression by Poland of Russian territory. For the present, it is believed, the British government will rest on the announcements of the British position by Lloyd-George in the house of commons before taking up a possible formal rejoinder to the American note to the Italian ambassador in which the invitation was issued for a declaration by the allied and associated powers of their attitude toward Poland and Russia.

Joint Allied Policy. The first approaches to a joint allied policy toward the respective situations is believed here to have been made by Premier Lloyd-George in his present conference with Premier Giolitti, of Italy, and in the later discussions with Premier Millerand, of France. It is also regarded by officials here as significant in this connection that the British premier is reported to be planning to receive this week the German premier, Dr. Fehrenbach, and Dr. Walter Simons, German minister of foreign affairs. It is not believed that the United States will receive any further news of the American note on the Polish situation until the series of conferences between the British and Italian, French and German premiers have been concluded.

Both Sir Auckland Geddes, the British ambassador, and Prince Lubomirski, the Polish minister, conferred today with Secretary Colby at the state department. It is understood that the Russian and Polish situations in all their rapidly shifting perspectives, were under discussion at the two respective conferences.

RUSSIANS LAUNCHING COUNTER-ATTACK. Continued From First Page.

slan border has developed into a panic under pressure of the Polish cavalry. Herds of cattle, cavalry and infantry are intermingled in the flight. Officers and commissaries are trying to restore order with their revolvers. Some of the regiments have thrown away their weapons.

The correspondent of The Tagblatt at Proskien says that the first Russian army is in full retreat in the direction of Grodno. The staff of the fourth army and all the revolutionary committees have evacuated Lomza, where inhabitants had formed a militia force in the service of the revolutionary government, which is also in flight. Lomza was pillaged before the evacuation.

ing to a rout, it is said that the reds are falling back in decidedly good order, without losing even their supplies and without giving up any tremendously imposing numbers of prisoners.

Those who seem to be the best informed on this situation predict that the bolshevik government, even if it suffers a defeat, will not be disorganized, and then, at the propitious moment, will strike back by force, unless the allies adopt a more strenuous policy of intervention than they have up to the present time.

General Wrangel and the Ukrainian army seem to be offering the red leaders far more anxiety than is Poland, for Moscow has admitted that Wrangel is a greater menace to the soviet.

Warsaw reports that General Haller's forces have reached the line from Miava to Prasnyz, with their right wing extending to Ostrolenka. The capture of 2,000 additional prisoners is claimed.

The Polish line now runs along the front of the Warsaw, President Pilsudski's troops are strongly entrenched, and, with the Kieff debacle in mind, are apparently holding a general pursuit of the retreating Russians.

Danish Situation Causes Worry. The situation at Danzig is giving the allies no small amount of concern. The league of nations is really acting strictly under England's orders, and that he has an over-ambitious policy, is determined to make a test case out of the affair.

British workers are marking time at Danzig in their declaration that they are prepared to carry out their threats of a general strike if there is any further transgression by the government in favor of the Franco-Polish combination.

Polish Supplies Held At Danzig. Paris, August 23.—German ork at Danzig have established soviet and have seized the piers, preventing the landing of any supplies for Poland. A report to a reporter from that city. The German commander of the port is said to have refused to accept mooring for the French dispatch boat Accra and the cruiser Gueydon. Sir Reginald T. Tower, high commissioner for the league of nations at Danzig, has refused to take any responsibility, declaring he must await instructions from London.

Lucerne, Switzerland, August 23.—(By the Associated Press).—Premier Lloyd-George, of Great Britain, and Premier Giolitti, of Italy, have adopted proposals to be submitted to France for allied action to secure Poland free and unrestricted use of Danzig and its communications, in accordance with the Versailles treaty. It was announced officially here today.

NO WORLD PEACE WITHOUT RUSSIA. Continued From First Page.

"Therefore the British and Italian governments have been taking steps, in the face of much misrepresentation, to restore communications between Russia and the world outside. Therefore, with profound regret they have just heard that the soviet government, despite repeated assurances to the contrary given officially on their behalf in London, have sought to impose on Poland conditions incompatible with national independence.

"The government of Poland is based on the choice of the whole adult male population of the country without distinction of class and the so-called civil army to be drawn from one class only, which is referred to in the fourth condition of the soviet terms, is only an indirect method of organizing a force to overthrow by violence this democratic constitution and substitute for it the despotism of a privileged few who may have absorbed the doctrines of bolshevism.

"We cannot help apprehending that when the detailed conditions of the composition of this force—kept back as they are now—are revealed later on, they will be found to be mounded on the plan of the Russian red army. For one nation to insist as a condition of peace with another that the force organized for the protection of life, property and good order to the latter country shall be drawn from only one class of its citizens, is an unwarranted infringement of the liberty, independence and self-respect of that country.

"To have added such a condition, after Kamenef's pledges to the British government that nothing not of a secondary nature was omitted from his summary of the terms, is a gross breach of faith, and negotiations of any kind with a government which so lightly

treats its word becomes difficult, if not impossible."

"The soviet government has rejected the suggestion by the British government for a truce under conditions which would have guaranteed Russian territory against any acts of aggression and has continued its career of invasion and ethnographical Polish with a view to the conquest of that country by force of arms for soviet institutions.

"If the soviet government, notwithstanding the punishment which its aggression is encountering, still refused to withdraw this sinister proposal, but continues the war inside Polish territory in order to force its acceptance on the Polish people, no free government can either acknowledge or deal with the soviet dictatorship."

Ought to Teach Wisdom. "What has befallen in this short war to the invaders of national Poland, ought to teach wisdom to aggressors. The world, east and west, is crying for peace, but peace is only one thing, and the basis of full recognition of the liberties of nations."

The British and Italian governments are alarmed at the indefinite prolongation of the present conflict amongst nations, the peoples engaged in these antagonisms can bring nothing but ever-increasing misery to the peoples of the world at large, for they involve continued unrest, the termination of agriculture, industry and the interchange of goods, which the economic life of nations depend, cannot come into full operation. Scarcity and high prices, the result of the war, are the inevitable result.

"Civilization itself, shaken and weakened by the ravages of incessant warfare, is menaced by the prospect. The British and Italian governments therefore are united in urging that every effort should be made to bring to a conclusion the existing conditions of strife between nations."

Proposal to France. London, August 24.—Premiers Lloyd-George and Giolitti, at their concluding conference, drafted a proposal to France recommending immediate action to procure for Poland her full rights under the treaty of Versailles, according to the Lucerne correspondent of the London Times.

The decision reached after Premier Lloyd-George had received the newest peace terms, adds the correspondent, is a significant statement of the Franco-British alliance.

CONFERENCE HELD WITH CITY POLICE. Continued From First Page.

Atlanta police department had become acute.

Statement by Colonel Bridges. The statement of Colonel Bridges is as follows: "The interference alleged is supposed to have occurred in May, 1920, at which time, upon the request of civil authorities, Lieutenant Davis was relieved by the commanding general at Camp Gordon and returned to duty at Camp Gordon, Ga. A complete investigation was not made of this matter at that time, and no decision seems to have been arrived at as to whether Lieutenant Davis actually interfered with the civil authorities, as alleged. He was relieved because the civil authorities wanted him relieved.

"Later on, in August, 1920, at the request of federal authorities that Lieutenant Davis be detailed to assist them in regard to matters connected with stolen government property, Lieutenant Davis was returned to duty with the military police detachment on duty in Atlanta, Ga. It is not thought that any trouble has occurred between Lieutenant Davis and the civil authorities since his re-detail. However, the civil authorities apparently still do not desire Lieutenant Davis to be on duty with the military police detail, on duty in Atlanta, and the commanding general has this date ordered him replaced by another officer, which will be done as soon as possible.

Did Not Know of Charges. It was developed during the conference Monday that Major General Shanks had no knowledge of the previous trouble between the military police, under the command of Lieutenant Davis, and the police of Atlanta. It was further said that General Shanks did not know of Davis' reassignment to duty in Atlanta.

Major Watson, head of the military provost guard at Camp Gordon, is blamed for the present rupture between the two departments. Lieutenant Wilson, who succeeded Lieutenant Davis as head of the department of military police following the clash in May between Davis and city detectives, is said to have been summarily ordered back to camp by Major Watson because a civil officer was found in the military police department quarters. They were engaged in official business at the time.

That Camp Gordon authorities will find it consistent to allow the military police detail in Atlanta, in the hope expressed by the police commissioners and heads of the various departments of the Atlanta police force. "Harmony and co-operation between the two departments prevailed while Lieutenant Wilson was here," said Chief of Detectives A. Lamar Poole and others.

Schlitz Is Not a 2-Day Drink—It Is Aged

In these days of "rapid-transit" beverages—turned out in a trifle over 24 hours, Schlitz purity is a matter of interest to your stomach.

We admit to being over particular about the purity of Schlitz. Some people call us finical.

Where Schlitz is made, time is a matter of no importance, in comparison with aging and purity. Vessels are both chemically and mechanically cleansed. Every receptacle into which the pure yeast culture enters is sterile. Every tub, keg, barrel—every pipe and pump—is scalded every time it is used.

Schlitz is thoroughly aged, to save you biliousness. We believe that fermentation should be concluded before Schlitz reaches your stomach.

Then Schlitz is filtered through white wood pulp. It is put into sterilized bottles. Every bottle is washed four times by machinery. And these bottles are Brown Glass, to protect the drink from subsequent deterioration by ultra-violet rays of light.

When we say that Schlitz is pure—we mean free from germs; free from bacilli. Schlitz cannot ferment in your stomach. Its effect is as good as its taste. Test it today.

# JONES IS SUMMONED TO EXPLAIN ABSENCE

Jerome Jones, editor of the Journal of Labor, will appear before Judge Robert T. Ervin, of the United States district court, at 10 o'clock Tuesday morning to show cause why he should not be punished for contempt of court, following his failure to report for jury duty Monday.

Mr. Jones had been subpoenaed to serve as a juror during the special term of federal court Monday morning, and when he was found to be absent and no excuse had been received, Judge Ervin ordered that the customary fine be imposed on the absentee, later instructing the marshal to have Mr. Jones appear before the court and have an opportunity to explain his absence.

## RED CROSS LEADERS CONVENE IN ATLANTA

Peacetime Program of Great Organization Is Being Discussed.

Convening yesterday for a four days conference, public health nurses, hospital service societies and military relief field directors are representing the Red Cross in five states of the southern division to the number of more than half a hundred discussed matters pertaining to the peace-time program of that organization.

J. L. McMillan, division manager, made it plain that while much of the work of the Red Cross is now in our own country, it must not be forgotten that the object of the organization is to render assistance to those in need of help in any corner of the earth.

The afternoon session was presided over by Legare Davis, assistant manager. Mr. Davis presented first Colonel T. R. Lambard, who is a director of military relief. Colonel Lambard gave facts as to the work that is still going on in the camps of the country, especially the effort to get the disabled men still in the service, and to get them back into the permanent line of work. He also mentioned the work of the Red Cross in the camps of the country, especially the effort to get the disabled men still in the service, and to get them back into the permanent line of work.

Miss Jane Van de Vrede, director of public health nursing service, spoke on the subject of "Nursing." She mentioned the work of the Red Cross in the camps of the country, especially the effort to get the disabled men still in the service, and to get them back into the permanent line of work.

Dr. Klein told of the workings of the educational service, saying that his department was getting in co-operation of state universities in training workers for social projects. William R. Woodward, in charge of that department, the Junior Red Cross work was portrayed by F. M. Darnall, who has this work in hand.

The conference will last through Thursday, with a Dutch supper Wednesday night.

## IMPROVED SCHOOL PROGRAM FOR CITY PLANNED BY MAYOR

With well defined plans in his mind for procuring more and better school buildings for Atlanta, Mayor E. B. Stahlman, Jr., presented his plan to the board of education Monday.

He announced that he had not yet decided to divulge the program which he has in mind for the improvement of the schools, but will publicly outline it soon.

During the part of his time spent away from home the mayor was ill. He had planned his tour as a combined vacation trip, but ten days of the month he was on the visit were spent in a hospital at Chicago, where he still weak from his recent illness he expected to be at his desk at the city hall today.

The mayor reported that in his tour of the eastern cities he found that they were not one whit ahead of Atlanta in the handling of their traffic problems. He declared also that they had no better paving than Atlanta, the war having put them behind with repairs and improvements just as has been the case in this city.

## CHILDREN'S HOME ASKS FUNDS FOR ITS WORK

Funds are being asked by the Georgia Children's Home Society for carrying on its work of providing for orphans of the state. R. B. McCard, superintendent of the home, states that the society has been forced to ignore appeals from numerous orphaned children of lack of funds and insufficient working force.

Since the society was organized nine years ago, it has experienced many setbacks which have retarded its work. Last October the receiving home of the society was burned and Ormewood court, an old colonial home with a group of 18 acres surrounding it was purchased. However, this property is heavily mortgaged. According to the superintendent, 742 helpless children have been placed in good homes by the society and 30 others have been assisted in their own homes. The home does not care for children permanently but cares for them until they can be placed in homes.

The ladies of the Pioneer society will be guests of honor at an entertainment to be held at the Children's playground, Peachtree Arcade Wednesday afternoon from 2 to 5:30 o'clock. The playground, which was established by the Atlanta Woman's club, is one of the latest civic improvements installed by the club. A diversified program has been arranged.

One of the principal features of the Wednesday afternoon program will be a number of sales, reminiscent of more than half a century ago, told by the oldest members of the Pioneer society. A "Garland dance" by twelve little girls from the Springdale play group and a series of solo dances by Little Miss Catherine Jones. Refreshments will be served and an admission of 25 cents will be charged.

## PIONEER LADIES HONOR GUESTS ON WEDNESDAY

## CHILE NEWSPAPER MAN SPEAKS AT CHAMBER

Montenegro Much Impressed With Business Conditions in Atlanta.

At meeting Monday morning at the chamber of commerce of exporters, importers, manufacturers and other representative business men of Atlanta, Ernest Montenegro, general representative of the El Mercurio group of Chilean newspapers and the Zig Zag group of magazines, with office in the Times building, New York, delivered the principal address. The meeting was presided over by Dr. Ray King, Cuban consul, exporter and chairman of the foreign trade committee of the chamber of commerce.

Mr. Montenegro is touring the south collecting information regarding the agricultural and commercial condition of this section of the United States, with a view to promoting more extensive trade between the southern states and Chile. Part of Mr. Montenegro's business is to supply from his New York office information to people in this part of the country about Chile.

"Since the new route through the Panama canal has brought Chile closer to the United States by more than 10,000 miles, the relations between the two countries should show a marked increase," Mr. Montenegro said, "and it is a noticeable feature relative to foreign trade that the success and advancement of commercial relations between them. In that respect I believe that the south's attitude towards the Chilean-American countries will be the source of promoting an increase in commercialism between them."

Mr. Montenegro added that large numbers of Chileans visit the United States every year for educational and commercial purposes and that there is a corresponding number of Americans who find attraction in Chile's climate and wonderful scenery.

Chile is a country of enormous purchasing power and is able to consume a great quantity of American products. The annual consumption of cotton goods amounts to more than \$60,000,000, and investments therefrom the United States total nearly a quarter of a billion dollars. With such conditions and facts existing, Mr. Montenegro points out, it is natural to look forward to an ever increasing commercial interchange between the two countries.

Mr. Montenegro was the honored guest at a luncheon following the meeting and in the afternoon he was accompanied by a delegation of Atlanta business men on an inspection tour of the industries around the city. "Atlanta is a wonderful and beautiful city," he said. "The climate is one of its greatest charms and I find the people most pleasant and congenial. I shall look forward to making another visit here in the near future."

Mr. Montenegro left for New York Monday night via Savannah, where he will stop over to address the Kiwanis club of that city.

## SHE HAD TO MUFFLE THE TELEPHONE BELL

"For the benefit of thousands who are suffering from stomach trouble and a run-down condition I want to tell of the wonderful results I have gotten from Tanlac," said Mrs. Lena Swanson, of 1720 North Madison Street, Peoria, Ill.

"I was eight years ago that my stomach got out of order and my health began to fail," she continued. "My food acted like poison to my system and I would bloat up with gas and suffer agonies. My heart would flutter until I was almost faint and at times I would get so dizzy the house seemed to be whirling round. I had to almost stop eating and became so weak it was all I could do to get about the house. My nerves were so shattered even the ringing of the telephone upset me and I had to muffle the bell. I slept very little and seldom woke up in the morning without a dull, nagging headache."

"After taking five bottles of Tanlac my friends tell me I am the thing without having a bit of trouble with my stomach. My nerves are calm and I sleep like a baby. I have gained twenty pounds in weight and I never grow tired of praising Tanlac."

Tanlac is sold in Atlanta exclusively by Jacobs' Pharmacy Co. (adv.)

## RAIN, WIND, LIGHTNING AND TELEPHONES

During the five days from August 9th to August 13th, electrical storms accompanied by wind and the unprecedented rains put 3,000 telephones out of service in Atlanta.

Then on top of all this trouble came a casualty to the telephone system. On August 14th, the severest lightning storm of the month, with high winds and heavy rains, in a few hours put 3,700 telephones out of service.

In one week nearly 7,000 of the 33,000 telephones in Atlanta were out of order—a catastrophe that appalled even us.

Less than 1,000 are now out of order.

This stupendous task of recovery was accomplished by the concentrated effort and loyalty of our forces—everybody on the job in all kinds of weather.

Wires were melted, cables were blown open and thousands of lines, ordinarily protected by lead coverings, were saturated with water and made useless.

This large number of telephone troubles naturally has affected your service. Calls for numbers which are out of order have increased the work of the operators, and the unfavorable weather has caused many people to remain indoors and transact their business by telephone.

This has increased the traffic load excessively.

The weather which kept you indoors has also affected the operators, who are perhaps

## SAYS HARDWICK VIOLATED OATH

Walker Attacks Former Senator for Association With Bolsheviks, Who Spread Doctrines Among Negroes.

Hawkinsville, Ga., August 23.—(Special.)—Before an enthusiastic crowd of over 200 citizens of Pulaski county, Hon. Clifford Walker spoke in the courthouse here this afternoon in the interest of his candidacy for the governorship of Georgia.

Mr. Walker advocated a return to the sane business principles of pre-war times, and to this end pleaded for better schools, better roads, better homes. He advocates these things as antidotes for the spirit of unrest which prevails in this country today, arguing that better education, closer intercourse between the people of the state and a larger proportion of home owners will create content and prosperity and successfully offset the propaganda of foreign bolshevists.

He accused ex-Senator Hardwick of violation of his oath as a senator, and of disloyalty to the country in that he has, for a fee, acted as chief counsel for Ludwig Martens and his associates. He showed where Martens had been found guilty of the dissemination of revolutionary doctrine by a committee of the United States senate. He produced records of the federal department of justice to show that the bolshevist agitators in the north were attempting to spread their doctrine among the negroes of the south. He warned that if ever this vile propaganda reached the south there would be bloodshed in Georgia that the mind of man could conceive.

Mr. Walker was introduced by H. C. Coates, prominent attorney of this place, and representative in the state legislature from Pulaski county. This morning Mr. Walker spoke to about 200 people in the courthouse. He stated that reports from all sections of the state proved beyond question that Walker was far ahead in the race and declared that he was presenting the next governor of Georgia.

On Tuesday morning Mr. Walker speaks in Rochelle.

## Walker Rapidly Gaining Ground In Every County

Greeted by Crowds at Every Point, the Walker Tide Is Sweeping Solidly Over South Georgia.

Americus, Ga., August 23.—(Special.)—Hon. Clifford Walker, candidate for governor, concluded Saturday a most successful week of campaigning in this section of the state. During the past week he made his headquarters in Americus, Ga., as guest of his sister, Mrs. Frank Harrold, president of the Georgia division, U. D. C. Each day he filled two or more speaking engagements within a radius of sixty to seventy miles from here, making the trips by automobile and accompanied by Frank Harrold, prominent young business man of this city, and other Americus citizens.

Mr. Walker spoke in Dawson, Cuthbert, Lumpkin, Preston, Richmond, Ellaville, Buena Vista and other points. On Saturday morning he spoke in the courthouse here to a crowd which by actual count, was over 500. There were about 50 ladies present at the Americus speech and at all of his meetings there has been a fair representation of the fair sex.

Saturday morning Mr. Walker opened his campaign by addressing his "ellow citizens and fellow citizens," thus being the first candidate to acknowledge the enfranchisement of the women by that name. His courteous act was the subject of much favorable comment among the new voters.

The wives of desperate political players are sometimes amusing. At instance, at Lumpkin, about 30 ladies came to the meeting, in a distance which numbered, in round figures, 250. The ladies, many of whom were expecting to attend a party which was to be given at the home of Mr. Walker, if he spoke, and if he did not, they were to be heard from. Mr. Walker, however, did not speak, and the ladies were disappointed. Mr. Walker, however, did not speak, and the ladies were disappointed.

Everyone who has traveled through southern Georgia during the past few weeks declares that Walker is immeasurably the strongest candidate. It is extremely doubtful if Hardwick would win a single county in this section were he the only candidate. The addition of the vote of the split counties to slip in on some counties. It is this assistance of the only hard-core opposition, the ex-senator will not carry over 30 counties in the entire state.

Walker clubs are rapidly springing up in many counties and voters seem to have at last concluded that he is the strongest man to defeat Hardwick. Over two-thirds of the total vote in most counties is against Hardwick and they have been waiting to decide who was the strongest man to defeat him. It has now been convincingly demonstrated that Walker is the man and the loyal vote is turning to him fast.

The fact that Mr. Walker, in all his speeches, has devoted himself solely to the people and that he has been very pleasing to the anti-Hardwick forces, Mr. Walker realized from the start of his campaign that the issue was a clear-cut question of loyalty to the boys who made the supreme sacrifice in France, of loyalty to true democracy and of repudiation by Georgia of a man who obstructed the prosecution of the war and who was a burden and a comfort to the enemies of the country and its government in the persons of Ludwig Martens and his fellow revolutionaries. In none of his speeches has Mr. Walker made any reference to the Holder or Brown and his associates.

didates, preferring to concentrate his efforts on his own campaign. Speaking at Richland Saturday afternoon, Mr. Walker faced probably the most difficult task of his career. This thriving little town is now having its attractive auditorium remodeled and the only place available for the speaking was in the open in front of the hotel. This spot is close to the railroad tracks and depot, and a number of switch engines from time to time passed and re-passed, their steam valves hissing and their bells clanging. Nevertheless, Mr. Walker delivered his full speech, saying that he felt it would be discourteous to his good friends there if he omitted any part of it. A crowd of several hundred heard him and at the conclusion several citizens admitted that they were converted from "Hardwickism." Positive statements from voters told of many votes which were turned from the Hardwick to the Walker column by the speech.

## M'GANN FACES TRIAL IN U. S. COURT TODAY

Captain Henry K. McGann, former custodian of funds of headquarters company, Eleventh infantry, Camp Gordon, who was recently indicted on a charge of embezzling \$1,500 in government funds, will be arraigned before Judge Robert T. Erwin in federal court today. Judge Erwin is presiding at the special term of court in the absence of Judge Samuel H. Sibley, who is in New York.

The trial of Ben S. Jones, charged by postoffice inspectors with stealing several thousand dollars' worth of fine tailored clothes from a postal truck, has also been set for today. Probably the first woman who ever pleaded guilty in Georgia to violation of the Volstead act was tried Monday by Judge Erwin, for having 48 gallons of whiskey at her Paphos county home.

She was Miss Dutch Watkins, of Blue Ridge. Her attorney asked for leniency and said that some unknown man had left the contraband booze at the home of the woman.

John Bolden and Cleveland Cox were fined \$10 each for concealing whisky. In imposing such a nominal fine Judge Erwin called attention to the fact that the two men had been fined in the state courts for the same act and that he felt justified in being lenient.

Henry Johnson was exonerated of whiskey charges when Judge Erwin directed a verdict of not guilty be returned. The case of Sam McDonald was nolle prosequi.

# U. S. WINS OLYMPICS IN WALK

Antwerp, August 23.—The seventh Olympiad closed late this afternoon amid continued rain and cold, so far as the track and field competitions are concerned, with a decisive victory for the American athletes.

the past to take part in the Olympic games, the Americans rolled up a total of 212 points during the week-end of competitions, a figure more than twice as great as that of the nearest rival nation—Finland—with 105.

The Americans scored in all but four events and were tied with Finland for first place championship honors in each nation having won nine first prizes. The United States was ahead of

second places Sweden, which lost, and Finland won nine to ten for Sweden. The Americans scored ten fourths, twice as many as their nearest rival. They outranked the other teams in fifth place, won, but did not secure quite as many sixths as Sweden.

# THE BABE IS STAR IN MOVIES

BY WESTBROOK PEGLER.

United News Staff Correspondent.  
New York, August 23.—Tripping over a stack of low-comedy pies you skid on a streak of spilled custard and tussle your arms around the neck of a little guy wearing a brown derby and red necktie. That's the conventional way of entering Babe Ruth's New York shop, a movie studio, where he spends the evenings alone smashing his own home-run record.

And when your eyes become reconciled to the mean green glare of the screen lights you make out a great, lumbering individual with his face ghastly under a layer of yellow flour—the Babe, the one and only Bambino from Baltimore.

The set is the interior of a farmhouse. Babe is made up with a khaki shirt and a flight of overalls to play the part of a yokel. An old maid is trying to climb a stepladder to string some bunting over the lintel of the door, in preparation for a Fourth of July party.

"Shake that ladder! Look scared!" yells Larry Windon, the director, sitting in his director's chair, the clicking camera.

Willing to oblige, the old maid wobbles the ladder and screams, "Ah, Babe! Babe!"

Te-rag-a-d! Enter the Babe, himself, in the flesh, to be shot in a great dramatic scene, "Holding the Ladder for Samanthu."

You've heard Henry Irving, Joe Jefferson, Sothorn and the Barrymores? Fair enough in their way, but for dramatic intensity, subtlety of expression, ladies and gents, meet Babe Ruth, actor. He might prove a "bust" on the speakeasy stage, because Babe can't talk enough to sell good dollars for a dime a dozen at a Caledonian market. But in the movies—watch him here, under the green lights.

"If I hold it for you, Samanthu," he mumbles, grabbing the step-ladder so violently that he almost shakes her down off the top.

"Babe!" It's the director's voice again—a grating, dominant sound that makes the light threads dance in the long green bottles.

"Babe! For gawdsake, smile!" Babe turns his face toward the camera, completely satisfied.

Samanthu leans down off the

ladder, indignantly accusing him of pinching her leg. Babe is supposed to be all built up, and that with the director's unexpected shout and Samanthu's unjust charge he was so on his face shows the ideal expression.

"Fine," says Windon. "That's great!"

Ruth wipes the sweat off his pastry brow and helps Samanthu down off the ladder.

"Honest," he says, "I was fooled. I thought you thought I was trying to pinch your leg—didn't know it was just for the picture."

The scene is struck, and now we get Babe Ruth hewing his own bat out of a tender sapling. His chop with the hatchet is somewhat listless in direction.

"Oh, hell! Sink that ax in the wood!"

This smoky instruction from the director makes Babe stop for a moment, and he hits the sapling a wicked clout, knocking chips in three directions.

"Great! Fine!" says Windon.

The story brings Ruth out of a backwoods life, makes him own bats, and into the big leagues where he wins a bride and a pension and pays off the mortgage on the farm by a home run in the ninth—of, write your own scenario.

Tom Westcott, who signed Ruth to be one of the Mayflower stars, told him to show up at 8 o'clock on his first day at the new game. Babe was on time and sat on the steps of the drama plant until noon before he made a character out of himself. He cast showed up to start the picture. Since then, however, he hasn't been back in the studio except for two mornings spent "on location" in the suburbs.

The comedy takes the village parson, the small-town "sport" with the red necktie, whom he met on the way to the studio, all the way to the eyes of the hard work under the light. But Ruth doesn't seem to make a character out of the parson, who is not being screened, and the other actors say it will kill his batting eye in the long run.

But Ruth should worry; when he can't rock back and forth, he may return into the hell-hole game for good, because they're all telling him he's making a character out of some proficient vampire.

## VALENTINE WINNER ON OPENING DAY

Poughkeepsie, N. Y., August 23.—

Charley Valentine took the lion's share of the honors at the opening day of Poughkeepsie's 1920 season, piloting three runners in four events. He drove Bogalusa to a victory in the "dutchess" trot for two-year-olds, winning the second and third heats, and after following Pavonion home in the first, also scored with Red Lancelot and "The Knickerbocker" in the 2:08 class, respectively.

The fourth event on the day's card, a 2:18 class trot, was won by 3-year-olds, went to Lucile Harvester in eyelash finishes with Great Britton, the favorite, behaving poorly, placing seventh in the first heat and being distanced in the second.

The weather was a little cool for racing and the track not at its best, but the three-year-old recorded three heats at 2:10 or better.

Red Lancelot made the best time of the day, 2:04 1/4, in the second heat of the 2:08 class.

In the first heat, E. Coley victory through to win, but Peter the Great, who came back in impressive in the last two miles, winning without a fight.

NEW YORK, August 23.—There were further declines in the cotton market here today, with prices for all the active delivery months showing new records.

September closed nominally at 27.75, 22 points lower, while later months showed net losses of 100 to 165 points, December closing at 21.85, compared with 26.45, the closing price of Saturday, and 21.44, the high point reached on the rally earlier in the month.

The market had one of the most irregular and nervous openings reported since the beginning of the present decline. There were evidently a good many buying orders around the ring attracted by the steadier tone of late Saturday, and while August started at 25.45, it closed at 25.45, a net gain of 10 points.

October and November showed advances of 18 to 25 points, while December was influenced by the sharp break in Liverpool, opening at a decline of 5 to 60 points, and active buying orders around the ring, which closed at 21.85, a net gain of 10 points.

Liverpool of failures in the Far East, and Manchester selling on apprehension of a coal strike, which combined with the sensational break in the English market, had a very unsettling effect on the cotton market. There was liquidation by recent buyers for a reaction.

Covering was active enough to cause further advance points during the middle of the day, but the market soon weakened again, and the lowest prices of the day and movement in the late trading when there were reports of a coal strike in southern England, and the market closed at 25.45, a net gain of 10 points.

There was no confirmation of the rumored Far Eastern failures mentioned, except for the Liverpool market, which was liquidated by recent buyers for a reaction.

SPOTS IN NEW YORK. New York, August 23.—Spot cotton quiet, middling 25.50.

PRICES SAG BADLY AT NEW ORLEANS

New Orleans, August 23.—Selling pressure was felt by cotton today, and the market opened at a decline of 10 to 15 points, and the opening of the market was very heavy, and the market closed at 25.45, a net gain of 10 points.

Selling around the opening was due mainly to the sudden and wide break in the Liverpool market, which was caused by a coal strike in England.

But the English market had been affected by rumors of a large failure in the Far East, and the market closed at 25.45, a net gain of 10 points.

The market made almost no recovery, and the market closed at 25.45, a net gain of 10 points.

The lack of spot demand was always a selling influence and lower prices were made for the Liverpool market, which was liquidated by recent buyers for a reaction.

SPOTS IN NEW ORLEANS. New Orleans, August 23.—Spot cotton quiet, 50 to 60 points lower, and the market closed at 25.45, a net gain of 10 points.

## PROFESSIONAL VIEWS ON COTTON SITUATION

New York, August 23.—(Special.)—Reports of failures of Indian importers and the fear of a coal strike in England caused a general decline in the cotton market today.

The contract market has been called on during the past two weeks to absorb heavy buying and selling, and the temporary recovery may occur at any time, the undertone continues to be bearish.

J. W. JAY & CO.

New York, August 23.—(Special.)—The cotton market suffered another sharp decline today, with prices for all the active delivery months showing new records.

September closed nominally at 27.75, 22 points lower, while later months showed net losses of 100 to 165 points, December closing at 21.85, compared with 26.45, the closing price of Saturday, and 21.44, the high point reached on the rally earlier in the month.

The market had one of the most irregular and nervous openings reported since the beginning of the present decline. There were evidently a good many buying orders around the ring attracted by the steadier tone of late Saturday, and while August started at 25.45, it closed at 25.45, a net gain of 10 points.

October and November showed advances of 18 to 25 points, while December was influenced by the sharp break in Liverpool, opening at a decline of 5 to 60 points, and active buying orders around the ring, which closed at 21.85, a net gain of 10 points.

Liverpool of failures in the Far East, and Manchester selling on apprehension of a coal strike, which combined with the sensational break in the English market, had a very unsettling effect on the cotton market. There was liquidation by recent buyers for a reaction.

Covering was active enough to cause further advance points during the middle of the day, but the market soon weakened again, and the lowest prices of the day and movement in the late trading when there were reports of a coal strike in southern England, and the market closed at 25.45, a net gain of 10 points.

There was no confirmation of the rumored Far Eastern failures mentioned, except for the Liverpool market, which was liquidated by recent buyers for a reaction.

PRICES SAG BADLY AT NEW ORLEANS

New Orleans, August 23.—Selling pressure was felt by cotton today, and the market opened at a decline of 10 to 15 points, and the opening of the market was very heavy, and the market closed at 25.45, a net gain of 10 points.

Selling around the opening was due mainly to the sudden and wide break in the Liverpool market, which was caused by a coal strike in England.

But the English market had been affected by rumors of a large failure in the Far East, and the market closed at 25.45, a net gain of 10 points.

The market made almost no recovery, and the market closed at 25.45, a net gain of 10 points.

The lack of spot demand was always a selling influence and lower prices were made for the Liverpool market, which was liquidated by recent buyers for a reaction.

SPOTS IN NEW ORLEANS. New Orleans, August 23.—Spot cotton quiet, 50 to 60 points lower, and the market closed at 25.45, a net gain of 10 points.

## NOT FIGHT STARTS STOCK MARKET

Shorts Aggressive at the Opening on Monday. Money Market Even. Rails Steady.

New York, August 23.—Probably on the assumption that last week's rally was not warranted by technical conditions, shorts renewed their aggressive tactics in the stock market today, an irregular to heavy tone ruling at the close.

The general decline in the stock market today, however, because of the developments over the past few days, has been a temporary one, and the market is expected to recover at any time, the undertone continues to be bearish.
